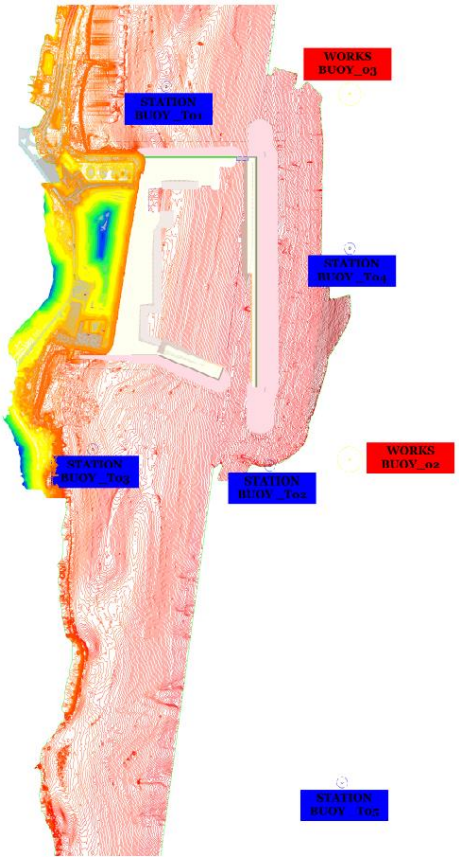
LOCAL NOTICE TO MARINERS 2026 LNTM 004
Works Around East Side Reclamation (Water side).

To: All Mariners, Owners, Agents and Charterers.

All maritime users (including paddle boarders, kayakers, etc) please see below installation of MeteoOcean buoys as per below diagram / coordinates.

As you are already aware, there were previously four signalling buoys in place. Following the installation of the MeteoOcean units, two of these existing buoys have be removed, while the remaining two have been repositioned to form a continuous enclosure delimiting the final working area of the east side Coastal Protection Works (ECPW) project.

Please refer to the figure below, which illustrates the final buoy layout, including the precise coordinates for each buoy.



Please see below coordinates for installed buoys:
