2026 LNTM 006 - USE OF MOBILE TELEPHONE REPEATER EQUIPMENT IN GIBRALTAR WATERS

To: All Mariners, Owners, Agents and Charterers;

All Mariners, Owners, Agents and Charterers are reminded that any mobile telephone LTE (2G/3G/4G/5G) (GSM/UMTS/LTE) repeaters and/or base stations including pico and nano cells, fitted on vessels, must be switched off at all times whilst in Gibraltar Territorial Waters and remain switched off until they leave the jurisdiction.

These devices cause serious interference to authorised Gibraltar mobile telephone networks and any vessel found operating them whilst in Territorial Waters will be subject to investigation by the Gibraltar Regulatory Authority (GRA).

Agents and Marinas must ensure that all vessels calling at Gibraltar are advised of these regulations immediately on their arrival.

For further information contact the Gibraltar Port Authority or the Gibraltar Regulatory Authority (www.gra.gi / radio@gra.gi).

Kyle Sivers
Deputy VTS Manager
GIBRALTAR PORT AUTHORITY.
