

## OFFICE OF CIVIL CONTINGENCIES

### GUIDANCE NOTES TO SHIPPING AGENTS – PORT CIRCULAR 20 AND 21

Dated 3rd August 2020

#### Information

Following the publication of Port Circular 20 and 21 the following guidance notes have been published:

1. **Superintendents / technicians** – They are treated as a suspect case.
2. They will be required to be tested on day 1 and between days 3 – 5, if staying under 5 days.
3. Ideally they should stay on the vessel and not commute.
4. If they need to commute, they can go daily to their place of work in a dirty vehicle.
5. They need to maintain social distance and wear a mask. FFP2 or N95 mask (or better quality if available).
6. They will be treated as a suspect case until day 5 at which stage if a negative test is received they can commute as normal wearing a mask.
